Friday at 10 am- 1 PM (Session A)	Spinning Art Yarns Using a Blending Board	\$45	3 hours	Julie Drogvold	Julie Drogvold	Julie@fiberartclasses.com	Would you like to make bright, fun and textured art batts, then spin those batts into amazing yarn? This class will provide all the tools and materials needed to use your blending board in new and exciting ways from a variety of fibers and materials. Students will then creatively spin batts and rolags in a thick and thin manner to create one-of-a-kind singles and plied yarn. Blending Boards will be available for purchase before class.	Instructor Provided
Friday at 2 - 5 PM (Session B)	Supported Long Draw	\$40	3 Hours	Jule Drogvold	Julie Drogvold	Julie@fiberartclasses.com	Long draw spinning is a classic technique useful for every spinner. True woolen yarn can be quickly spun and is ideal for wonderful warm weather clothing. Hone your skills with this light-hearted and fun class, starting with carding washed fleece and then long drawing your prepared rolags.	Instructor Provided
Friday 2- 5 PM (Session C)	Introduction to Fiber & Wool	\$55	3 hours	Justin Near	Justin Near	info@locallymadeinnashville.com	Want to learn more about natural fibers and wool? In this class, students will learn about plant and animal fibers and their attributes by examining their physical properties and processing some of those fibers in their raw form. We will examine a variety of fiber and wool breed samples and will discuss what we observe visually and tactilely and what attributes result from those observations. We will continue our observations and discussion while physically processing raw materials, walking through the various stages of processing wool – skirting, scouring, picking, and carding - which will include differences in yarn attributes that result from different methods of preparation.	Instructor Provided
Saturday 9-1 am (Session A)	Wet Bag Felting	\$55	4 hours	Maranda Weathermon	Maranda Weathermon	m.weathermon@gmail.com	We use a ball to make a bag they are generally really cute.	Instructor Provided
Saturday at 10 am (Session B)	Spinning with a Spindle	\$40	1 hour	Lorrie Yount	Lorrie Yount	sherri.killion@aol.com	In this class we will discuss the different types of spindles used to make yarn. We will learn to spin roving into a single strand and then we will learn to ply those strands together to make yarn.	Instructor Provided
Saturday at 11 am (Session C)	Felt Hat Painting	\$50	1 hour	Sherry Friga	Sherry Friga	sherryfriga@gmail.com	Students will be provided with blank felt hats in a choice of their color to paint and accessories to their own style.	Instructor Provided
Saturday 12 (Session D)	Make a Dream Catcher	\$20	1 hour	Lorrie Yount	Lorrie Yount	sherri.killion@aol.com		
Saturday 1-4 PM (Session E)	Fiber Processing and Blending Tools	\$65	3 hours	Justin Near	Justin Near	info@locallymadeinnashville.com	This fast-paced class is all about breadth. Get direct, hands-on experience with a large variety of fiber tools, including processing tools (box picker, hand carders, combs, flicker, drum carder), blending tools (blending board, hackle, drum carder), spinning tools (drop spindles, nostepinnes, plying wand), and measuring tools (niddy nody, WPI keys).
